2001 National Jamboree

August 30, 2001

Friends and brothers,
As the seasons pass, we find ourselves looking back upon a summer filled with exciting achievements and an impressive level of success. The high-adventure treks at Northern Tier and Pullman Scout Ranch changed the lives of so many brothers. At the 2001 National Scout Jamboree, the OA service corps provided service to 40,000 participants and staff members throughout the 10-day event. The American Indian Village amazed Scouts and Scouters with rich traditions and impressive performances. The Outdoor Adventure Place built confidence, challenged youth, and brought Scouting back to its roots. Lastly, the Scouting production did much more than deliver the theme of the jamboree to every participant—it made dreams into spectacular reality.
As we embark upon the fall season of conclaves, national leadership and lodge adviser training seminars, let us each strive to make the Scout Oath and Law a way of life. We challenge each of you to be a servant-leader in the eyes of at least one youth in your unit or your lodge.
