Below is specific information to help you understand the criteria and exactly what data will be used to determine the High Performing and Thriving levels of performance. In planning your strategy, use actual numbers from the previous year to guide your performance improvement goal-planning.

Scoring the lodge's performance

To qualify for High Performing points within an individual criterion, a lodge must have completed the lower level criterion (*e.g.*, to qualify for High Performing level in item number 1, a lodge must have completed the Thriving level in that item).

Overall award levels are determined as follows using the grand total points earned:

- **Thriving** = at least 14 grand total points, at least 8 points earned in the Primary Objectives
- **High Performing** = at least 22 grand total points, at least 12 points earned in the Primary Objectives

Amplifying instructions keyed to item numbers above:

1. All troops, crews, and ships must have been contacted and given the opportunity to request an election by Order of the Arrow members from outside of the unit. If a unit leader informs the election team that there are no eligible Scouts, that shall count as a completed election. Election team members must be trained youth OA members, in proper uniform during each unit election, and from units other than the one holding the election.
3. New youth member engagement is defined as attendance at a lodge event within six months of induction.
6. Average percentage of lodge membership who attended an event open to the whole lodge.
8. Contributions are to be in either cash (*e.g.*, an FOS contribution to the council) or the value of materials (as based on current market value or the value determined by the Scout Executive).

* Counts for criteria noted as "youth*" should include all members under age 21 as of the end of the applicable year.
